# Administration

Within Commercial Center, company user administration duties are handled by the company administrator(s). In general, user administration refers to the following functions:

- Create and maintain user profiles
- Entitle users to services and reports
- Associate accounts to specific services and reports for users
- Maintain report templates for users
- Maintain payments limits and approval requirements for users
- Reset user passwords

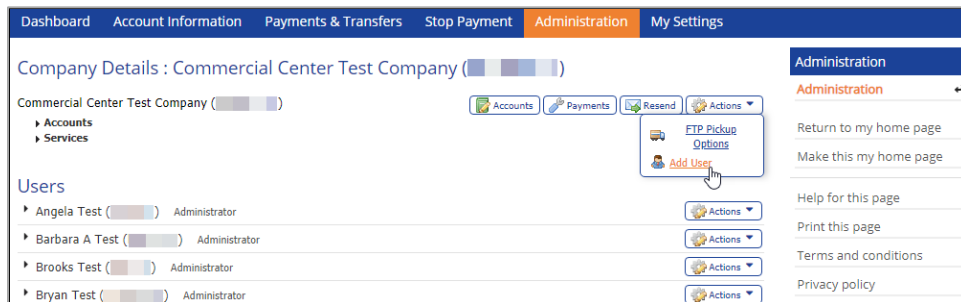

## User Administration

From the Company Details page, company administrators can Create, Edit, or Clone a user. Once Commercial Center is launched, select **Administration** from the navigation bar, then select **Administration** from the drop down menu.

## Creating a User

1. To create a new user, select the **Actions** button and then select **Add User** from the drop down menu.

2. On the **Add User** screen you will be asked to complete the following fields:

**Note:** An asterisk (\*) indicates required fields.

- \*User ID – Create a user name that the employee will use to sign in. Best practice would be to use an abbreviated version of the employee’s name or an employee ID number.
- \*First Name – Enter the first name of the user.
- \*Last Name – Enter the last name of the user.
- Administration User – Check this box to enable this user to edit and grant permissions to other users’ profiles.
- \*Enable Date – Enter the date the user’s profile will take effect within the system. This field will default to today’s date.
- Desktop Last Login (*not shown below*) – The last desktop login date will be displayed. Click the **Test** button to send a message to the user’s desktop.
- \*Email Address – Enter the user’s email address. Click the **Test** button to send a message to the user’s email address with a verification code to set up the secure browser.
- \*Encrypted Report Password – Enter a unique password that will be required when an encrypted PDF file or report is emailed to the user.
- Phone Number – Enter the user’s contact number.
- Enable SMS Messages – Check this box to enable sending SMS text messages to the user’s cell phone.
- Terms and Conditions – Check this box to accept our terms and conditions for receiving SMS text messages. **SMS text messages will not be sent until this box is checked.**
- Message Enabled Cell Phone Number – Enter the user’s SMS-enabled cell phone number. A test message can only be sent after both of the previous check boxes have been agreed to. SMS messages are required for reverification of ACH and wire payments.
- Fax Number – Fax numbers are no longer used, so you will not need to complete this field.
- Business Unit – Enter the type of business unit for this company. Primarily used to identify large companies that have multiple departments or functions.
- Address/City/State/Postal Code/Country –The Company’s address will default.
- Time Zone – Select the time zone for the user’s location. This is used to display corresponding cutoff times for certain transactions.
- \*What is your favorite hobby? – Answer this security question in order to reset a user’s password. Used only for Secure Desktop.
- \*What is your mother’s middle name? – Answer this security question to reset a user’s password. Used only for Secure Desktop.

Decimal delimiter (1,234.25 would be '.')

Web Date Input Format

## Set Password

Set a temporary password. The user will be prompted to create a new password during their first log in. This field appears when creating a user only.

Set Password

\* Please enter a temporary password

\* Please re-enter a temporary password

## Online Bulletin Service

Users receive notifications for services to which they are assigned. Once a user is authorized, select the preferred notification type and format from the **Bulletin Channel**. Notifications can also be sent via Cell Phone.

- [Authorize Bulletin Delivery](#) – Check this box to enable notifications to be sent to the user.
- [Bulletin Channel](#) – Select your preference for notification, either email or SMS. If SMS is selected, the checkboxes to enable SMS messaging and approve the Terms and Conditions in the **Add User** section must both be checked in order to receive notifications by SMS.
- [Bulletin Format](#) – Select your preference for format. Options include: HTML, PDF, Text, and Encrypted PDF.
- [Cell Phone Notification](#) – This box must be checked to send notifications to a cell phone.

Sunday	<input checked="" type="checkbox"/>	07:00 PM	07:00 PM

## Cloning a User

When creating a new user, there is an option to clone a user to help prefill information. The **User ID** will remain blank for a cloned user, but the **First** and **Last Names** and **Email Address** will prefill to the cloned user. When cloning a user, you will have the option during the user set up to copy all the service permissions. Permissions are covered later in this user guide. These radio buttons control whether the new user will be entitled to the permissions currently entitled to the original user.

- **Do not copy permissions from user** – Select this radio button if you wish the new user to have no entitled permissions. This would require the administrator to individually entitle permissions to the user.
- **Copy service permissions from user** – Select this radio button to see additional options for copying permissions:
  - **Copy account permissions** – Check this box to allow the new user to receive the same account permissions associated with the original user.
  - **Copy Secure Browser permissions** – Check this box allow the new user to receive the same Secure Browser permissions associated with the original user.

Cloning Preferences

Do not copy permissions from

Copy Additional Permissions

Copy account permissions from

Copy Secure Browser permissions from

## Users

From the **Users** section of the **Company Details** page, the company administrator(s) will be able to edit existing users and assign services and permissions. Toggling a user's details will show the current services that are assigned to them. To edit a user, use the **Actions** button to the right of the user's name. The next section will cover the Actions menu further.

**Note:** A user that is an administrator will be indicated with the words "Administrator" listed to the right of the User Name/ID.

## User Actions Menu

Any user editing will take place in the **Actions** menu. From this menu you will be able to:

- [Edit](#) – Update the user’s information. This is also where you can find the user’s **Activation Key** which is necessary when installing the Secure Browser or resetting the PIN.
- [Password](#) – Reset a user’s password. A temporary password will be assigned and the user will be prompted to change the password when logging in. This password is used to access the online website page, not for Secure Browser.
- [Services](#) – Enable or disable service permissions for the user. This is covered further in the **User Services Settings** section.
- [Payments](#) – Set payment limits for services like ACH, wire transfers and account transfers. This will be covered further in the **User Payment Settings** section.
- [Resend](#) – Resend distribution notifications to the intended users. These notifications detail service transactions such as ACH Batches, account transfers and wire transfers.
- [Clone User](#) – Clone an existing user. This is covered further under the **Cloning a User** section.
- [Copy Service](#) – Copy the service settings from one user and clone them to the selected user. This function will bring up a new page and ask for the **User ID** to clone the services from.
- [Delete User](#) – Remove the user from the company profile.
- [Deactivate User](#) – Deactivate the user by not allowing them to log in to Commercial Center, however, all user information will be saved to the company profile.
- [Activity Alerts](#) – Enable which **Activity Alerts** are sent to the user and in what format they are sent.

## User Services Settings

The services available to each user depend on which services are permitted to the company. To enable a service to a user, check the box to the left of the service.

The screenshot shows the 'User Services Settings' page for 'Bryan Test of Commercial Center Test Company'. The page is organized into three main sections: Basic Services, Company Administration, and Reporting. Each section has a 'Select All' and 'Unselect All' button, a filter input, and a list of services with checkboxes. The 'Administration' tab is selected in the top navigation bar.

Section	Service	Enabled
Basic Services	Checking Statements	<input type="checkbox"/>
	Native Apps	<input type="checkbox"/>
	Savings Statements	<input type="checkbox"/>
	Transaction Alerts	<input type="checkbox"/>
	File Vault	<input type="checkbox"/>
	Quick View	<input type="checkbox"/>
Company Administration	Secure Browser	<input type="checkbox"/>
	Transaction Search	<input type="checkbox"/>
	Administration	<input type="checkbox"/>
	Company Maintenance	<input type="checkbox"/>
	Secure Browser Administration	<input type="checkbox"/>
	User Maintenance	<input type="checkbox"/>
Reporting	Web Report Maintenance	<input type="checkbox"/>
	Company Account Permissions	<input type="checkbox"/>
	Desktop Connection	<input type="checkbox"/>
	Secure Browser Destinations	<input type="checkbox"/>
	User Service Permissions	<input type="checkbox"/>
	Balance Reporting	<input type="checkbox"/>

NACHA Return File Report	<input type="checkbox"/>	
Delivery Template Maintenance	<input type="checkbox"/>	
NACHA Notification of Change Report	<input type="checkbox"/>	
Transaction Groups	<input type="checkbox"/>	

### Basic Services

By checking the corresponding boxes, the user will be allowed to do the following:

- [Checking Statements](#) – View statements for enabled checking accounts.
- [File Vault](#) – Access the **File Vault** option.
- [Native Apps](#) – Access the Commercial Center mobile app.
- [Quick View](#) – Access the **Quick View** option under **Account Information**.
- [Savings Statements](#) – View statements for enabled savings accounts.
- [Secure Browser](#) – Log in through Secure Browser.
- [Transaction Alerts](#) – Enable transaction alerts.
- [Transaction Search](#) – Search for a transaction on enabled accounts.

### Company Administrator

These services are commonly enabled for Company Administrators. Companies can enable multiple Administrators through Commercial Center. By checking the corresponding boxes, the user will be allowed to do the following:

- [Administration](#) – This must be enabled for the user to utilize Administrator functions.
- [Company Account Permissions](#) – Manage account settings for the company.
- [Company Maintenance](#) – Manage other user's settings.
- [Desktop Connection](#) – Download Secure Desktop.
- [Secure Browser Administration](#) – Manage Secure Browser settings for other users.
- [Secure Browser Destinations](#) – Direct access the Secure Browser application.

- [User Maintenance](#) – Create and manage other users.
- [User Service Permissions](#) – Manage other user’s services settings.
- [Web Report Maintenance](#) – View all reports generated and sent by Commercial Center.

## Reporting

The following services allow users to run the corresponding report type:

- [Balance Reporting](#)
- [Delivery Template Maintenance](#)
- [NACHA Detail File Report](#)
- [NACHA Notification of Change Request](#)
- [NACHA Return File Report](#)
- [Transaction Groups](#)

Once completed, click the **Save** button to assign the services to the user.

## Enabling Accounts for Selected Services

After Services have been assigned, the accounts must be enabled for the user. From the **Users** screen, expand the user information by selecting the triangle to the left of him/her. For services that require an account to be enabled, there will be a green briefcase next to the service. Select the green briefcase and select or unselect the accounts the user should or shouldn’t have access to.

Once account numbers are enabled for the appropriate service, select **Save**. Selecting **Cancel** will return the user to the company overview page.

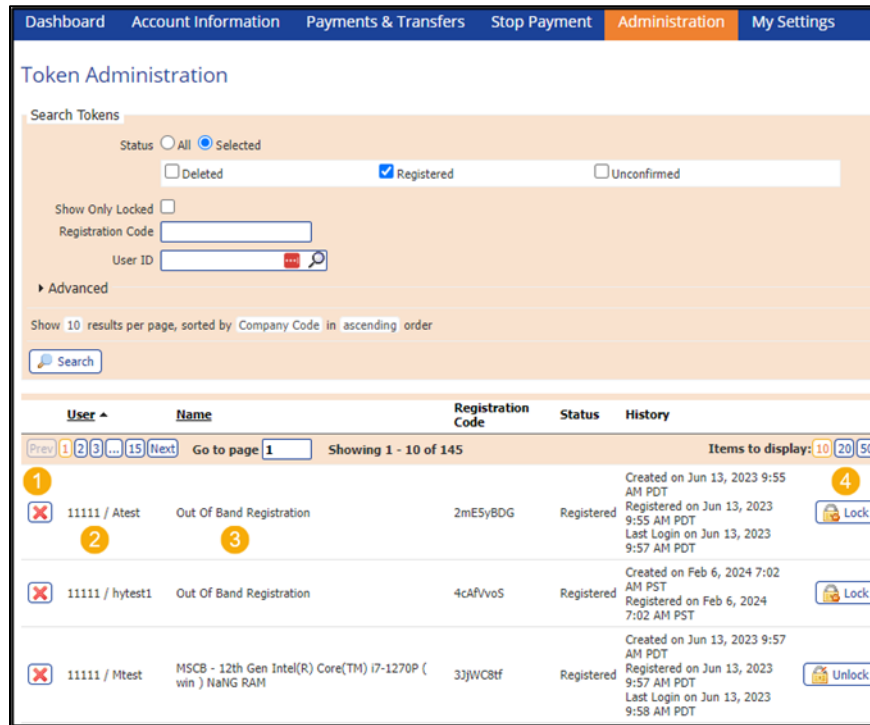

## Token Administration

Company Administrators may now perform Token Administration for users. A Token is a digital key that authenticates and authorizes a device to be used with Commercial Center.

Token administration allows Company Administrators to review, lock/unlock, or delete the following for their users:

- Out-of-band registration token – Token used for One Time Passcode (OTP) authentication to a mobile device.
- Mobile App token– Token used to authenticate the mobile app on a mobile device such as an iPhone or Android.
- Device token – Token used to authenticate the Secure Browser on a device such as a PC or Mac.

Company administrators access the service from Administration > Token Administration:

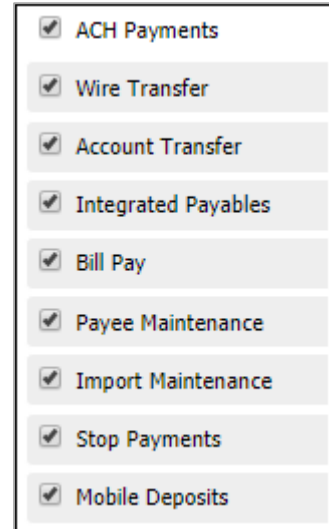

- **Delete** – Select X to delete the token from Commercial Center.
- **User ID** – This column identifies the company and user ID the token is registered to.
- **Token Type** – This column identifies the type of token registered such as Out of Band, Mobile, or Device.
- **Lock/Unlock** – Select Lock to temporarily disable the token and prevent the device from being used with Commercial Center. Select Unlock to allow the device to be used with Commercial Center.

# User Payment Settings

Company administrators can configure the payment settings based upon the user’s needs (services listed to the right). Once enabled, the payment will be ready for use. Users who are not company administrators will not have access to this area.

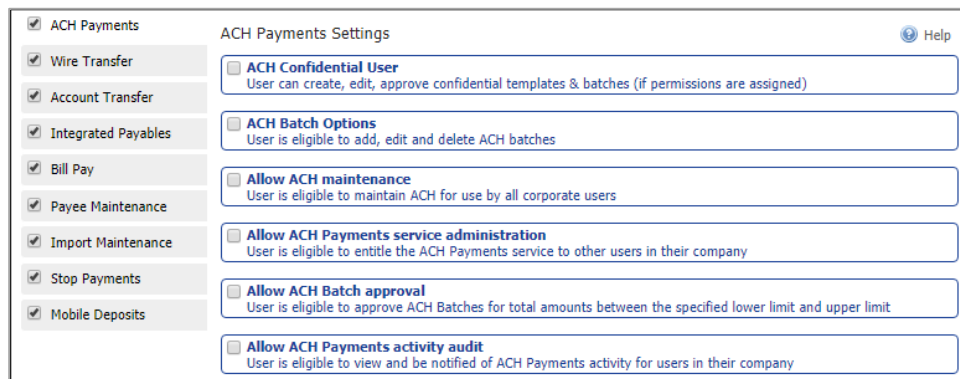

Each payment can be configured with a subset of permissions. Only payment types the company has signed up for will display on this screen. This guide will walk through each payment section and subset of permissions.

## ACH Payments

To enable ACH Payments check the box to the left of the payment. This will open the subcategories to further define how those payments can be created, edited, cancelled or approved.

 **Note:** Users cannot set or edit their own permissions. A company administrator must enable permissions for them.

## ACH Confidential User

Allow the user to access templates marked as confidential for ACH payments. The Company must be selected for the user as well.

## ACH Batch Options

Allow the user to create batches (single item or multiple items) for ACH payments. Further, user access can be limited to specific ACH companies and offset accounts.

ACH Company Settings: Commercial Cente

You are not permitted to change your own payment settings.

Enabled

Total Daily Batch Count (Credit) \* Limit: 999 Max: 999

Total Daily Batch Count (Debit) \* Limit: 999 Max: 999

Total Daily Transaction Amount (Credit) \* Limit: 8.00 Max: \$8.00

Total Daily Transaction Amount (Debit) \* Limit: 8.00 Max: \$8.00

Single Batch Amount (Credit) \* Limit: 8.00 Max: \$8.00

Single Batch Amount (Debit) \* Limit: 8.00 Max: \$8.00

Single Batch Entry Amount (Credit) \* Limit: 8.00 Max: \$8.00

<input checked="" type="checkbox"/> Payee Maintenance	<input type="checkbox"/> <b>Allow Wire Transfer activity audit</b> User is eligible to view and be notified of Wire Transfer activity for users in their company
<input checked="" type="checkbox"/> Import Maintenance	
<input checked="" type="checkbox"/> Stop Payments	
<input checked="" type="checkbox"/> Mobile Deposits	

**Note:** Users cannot set or edit their own permissions. A company administrator must enable the permissions for them.

## Wire Transfers Options

Enable the user to add, edit and delete wire transfers.

**Wire Transfers Options**  
User is eligible to add, edit and delete Wire Transfers

Wire Entry Options

- Allow Wire Manual Entry
- Allow Wire Edit
- Allow Wire Reject
- Allow Wire Cancel

- Free-form transfers**  
User can create free-form transfers
- Semi-Repetitive Wire Transfers**  
User can create transfers based on semi-repetitive wire templates
- Repetitive Wire Transfers**  
User can create transfers based on repetitive wire templates
- Payee transfers**  
User can create transfers based on payees without also requiring a template
- Transaction File Import**  
User can import files to enter wire transfers

## Wire Entry Options

By checking the corresponding boxes, the user will be allowed to do the following:

- [Allow Wire Manual Entry](#) – Create manual wire entries.
- [Allow Wire Edit](#) – Edit pending wires.
- [Allow Wire Reject](#) – Reject pending wires.
- [Allow Wire Cancel](#) – Cancel pending wires.
- [Free-Form Transfers](#) – Create free-form transfers.
- [Semi-Repetitive Wire Transfers](#) – Create transfers based on semi-repetitive wire templates.
- [Repetitive Wire Transfers](#) – Create transfers based on repetitive wire templates.
- [Payee Transfers](#) – Create transfers based on payees without also requiring a template.
- [Transaction File Import](#) – Import files to enter wire transfers.

## Account Permissions

Account permissions need to be established for each account being used for wire transfers. Permissions can be set up per account or for a grouping of accounts. Accounts are grouped by clicking **Select Accounts** and adding them to the permission group. Additional groups can be created by selecting the **Add Permission Set** button at the bottom.

The screenshot shows a configuration interface for account permissions. On the left, under the heading "Accounts", there is a "Select Accounts" link and a list of two accounts: "- Checking (Checking)" and "- Savings (Savings)", each with a red "x" icon. Below the list are two checkboxes: "USD" (checked) and "FX" (checked). On the right, there are three sections for setting limits: "Daily Transaction Debit Amount per Account" (Limit: 1.00, Max: \$1.00), "Daily Transaction Count per Account" (Limit: 999, Max: 999), and "Single Transaction Debit Amount" (Limit: 1.00, Max: \$1.00). Below these are two checkboxes: "Require 1 approver(s) above" and "Require 2 approver(s) above", both unchecked. At the bottom left, there is a green button labeled "Add Permission Set".

- [Accounts](#) – Accounts are grouped by clicking **Select Accounts** and adding them to the permission group. Only eligible accounts will be displayed on the **Select Accounts** screen. Additional groups can be created by selecting the **Add Permission Set** button at the bottom.
  - Below the accounts box, the Administrator can enable USD (United States Dollar) and/or FX (Foreign Exchange) wires for the accounts in the group.
- [Daily Transaction Debit Amount per Account](#) – Set the maximum dollar amount the user can debit an account per day.

- **Daily Transaction Count per Account** – Set the maximum number of transactions the user can complete per day.
- **Single Transaction Debit Amount** – Set the maximum dollar amount the user can debit per transaction.
  - The Administrator can check the following boxes to require approvals for the entered dollar amount(s). If the field is checked and no dollar amount is entered, all wire transfers will require an approval.

### Allow Wire Transfer Maintenance

Allow the user to maintenance the templates for wire transfers. The descriptions are displayed on screen for the options available. The permissions must be enabled to the user by adding the accounts using the **Select Accounts** button.

**Allow Wire Transfer Maintenance**  
User is eligible to maintain templates and file maps for use by all corporate users

**Allow Wire Template maintenance**  
User can create, edit, and delete repetitive and semi-repetitive templates

**Allow Import Map maintenance**  
User can create, edit, and delete wire import file maps

Account Permissions

<input checked="" type="checkbox"/> Stop Payments	
<input checked="" type="checkbox"/> Mobile Deposits	

**Note:** Users cannot set or edit their own permissions. A company administrator must enable the permissions for them.

## Allow Account Transfer Entry

Enable the user to add, edit and delete wire transfers.

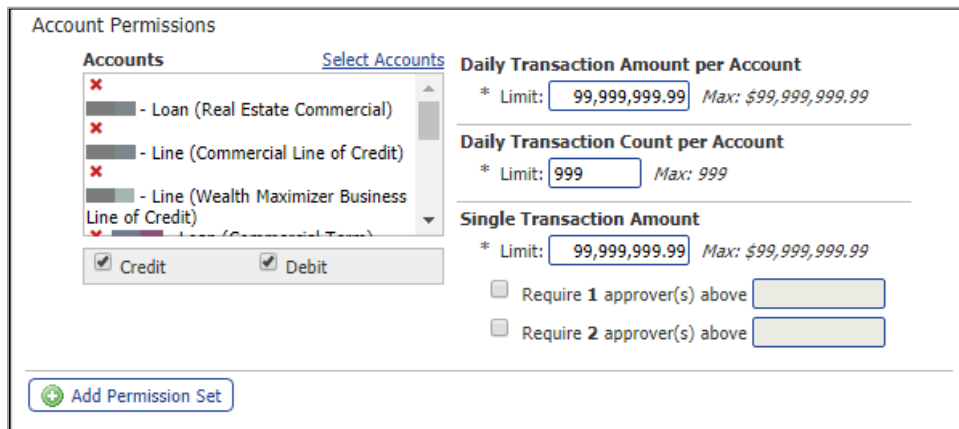

## Account Entry Options

By checking the corresponding boxes, the user will be allowed to do the following:

- Allow Account Transfer Manual Entry – Create manual entries.
- Allow Account Transfer Edit – Edit pending transfers.
- Allow Account Transfer Reject – Reject pending transfers.
- Allow Account Transfer Cancel – Cancel pending transfers.

## Account Permissions

Account permissions need to be established for each account being used for account transfers. Permissions can be set up per account or for a grouping of accounts. Accounts are grouped by clicking **Select Accounts** and adding them to the permission group. Additional groups can be created by selecting the **Add Permission Set** button at the bottom.

- **Accounts** – Accounts are grouped by clicking **Select Accounts** and adding them to the permission group. Only eligible accounts will be displayed on the **Select Accounts** screen. Additional groups can be created by selecting the **Add Permission Set** button at the bottom.
  - Below the accounts box, the Administrator can enable Credit, Debit or both transaction types for the accounts in the group.
- **Daily Transaction Amount per Account** – Set the maximum transfer amount per

account per day.

- **Daily Transaction Count per Account** – Set the maximum transaction count the user can complete per day.
- **Single Transaction Amount** – Set the maximum dollar amount the user can transfer per transaction.

### Allow Account Transfer Maintenance

Allow the user to maintain the templates for account transfers.

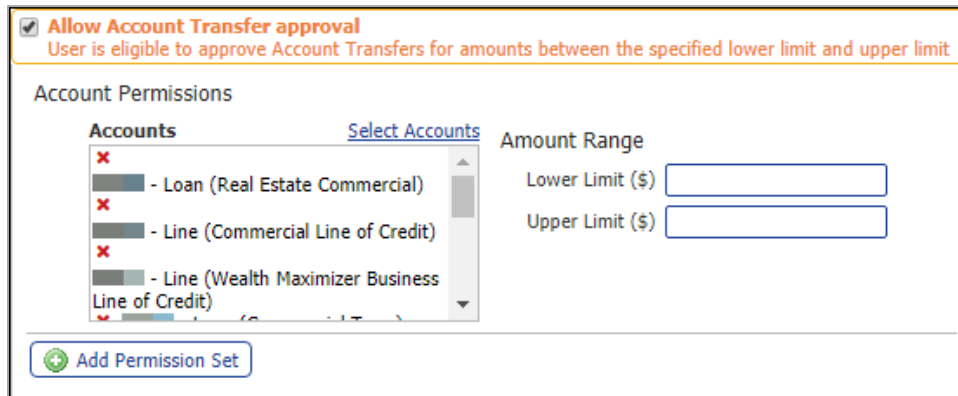

### Allow Account Transfer Service Administration

Allow the user to enable account transfers to other users. The user must be an Administrator for this option to be available.

### Allow Account Transfer Approval

Allow the user to approve account transfers. The user can be assigned to approve a specific dollar range or if the spaces are left blank, the user can approve all account transfers. The permissions must be set per account.

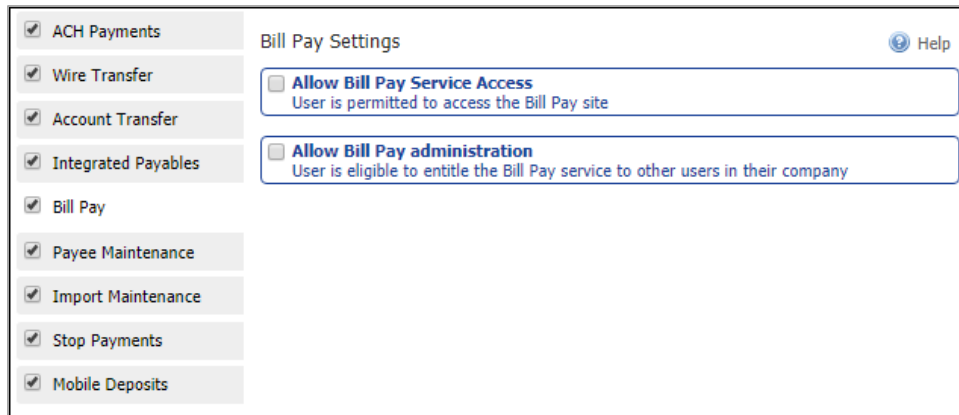

### Allow Account Transfer Activity Audit

Allow the user to receive and view activity alerts related to account transfer transactions.

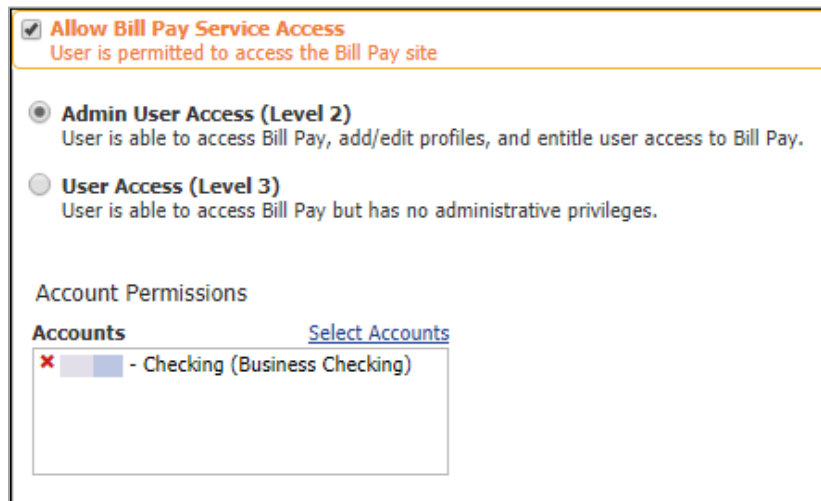

## Bill Pay

	<input type="checkbox"/> <b>Allow Payee Maintenance service administration</b> User is eligible to entitle the Payee Maintenance service to other users in their company
	<input type="checkbox"/> <b>Allow Payee Maintenance activity audit</b> User is eligible to view existing payees

## Import Maintenance

Allow the user to import standard (CSV, XML, Fixed Width Files) templates for payees, ACH and/or Wires.

<input checked="" type="checkbox"/> ACH Payments	Import Permissions <span>Help</span>
<input checked="" type="checkbox"/> Wire Transfer	
<input checked="" type="checkbox"/> Account Transfer	
<input checked="" type="checkbox"/> Integrated Payables	
<input checked="" type="checkbox"/> Bill Pay	
<input checked="" type="checkbox"/> Payee Maintenance	
<input checked="" type="checkbox"/> Import Maintenance	
<input checked="" type="checkbox"/> Stop Payments	
<input checked="" type="checkbox"/> Mobile Deposits	
	<input type="checkbox"/> <b>Allow data import</b> User is eligible to import payees, ACH batch templates and/or Wire templates
	<input type="checkbox"/> <b>Allow Import Maintenance service administration</b> User is eligible to entitle the Import Maintenance service to other users in their company.
	<input type="checkbox"/> <b>Allow Import Maintenance activity audit</b> User is eligible to view and be notified of import activity for users in their company

## Allow Data Import

Allow the user to access **Import Maintenance**. The descriptions are displayed on screen for the options available.

**Allow data import**  
User is eligible to import payees, ACH batch templates and/or Wire templates

**Can import payees**  
Can create new payee records by importing CSV, XML or fixed width files

**Can import ACH batch templates**  
Can create new ACH batch templates by importing CSV, XML or fixed width files

**Can import wire templates**  
Can create new wire templates by importing CSV, XML or fixed width files

## Stop Payments

Allow the user to place stop payments on checks through Commercial Center. The descriptions are displayed on screen for the options available.

ACH Payments  
 Wire Transfer  
 Account Transfer  
 Integrated Payables  
 Bill Pay  
 Payee Maintenance  
 Import Maintenance  
 Stop Payments  
 Mobile Deposits

### Stop Payment Settings

**Allow Stop Payment entry**  
User is eligible to create stop payment requests based on account permissions specified below

**Allow Stop Payment service administration**  
User is eligible to entitle the Stop Payment service to other users in their company.

**Allow Stop Payment activity audit**  
User is eligible to view and be notified of Stop Payment activity for users in their company

## Allow Stop Payment Entry

The accounts must be enabled for the user to place stop payments. Use the **Select Accounts** button to enable access to eligible accounts for the user.

**Allow Stop Payment entry**  
User is eligible to create stop payment requests based on account permissions specified below

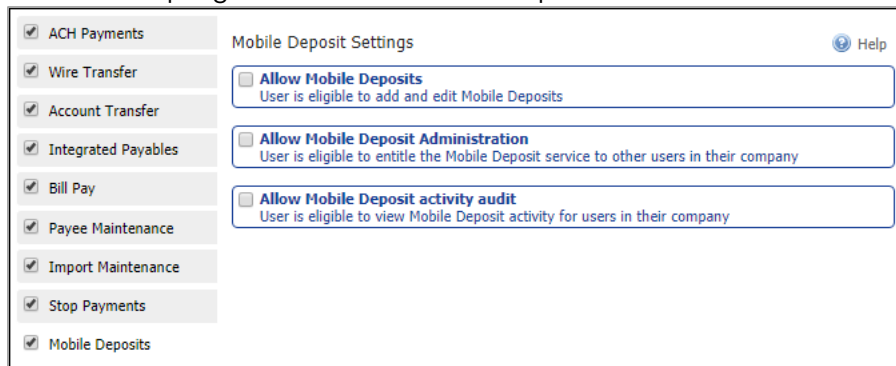

### Account Permissions

**Accounts** [Select Accounts](#)

✘ - Checking (Checking)

## Mobile Deposit

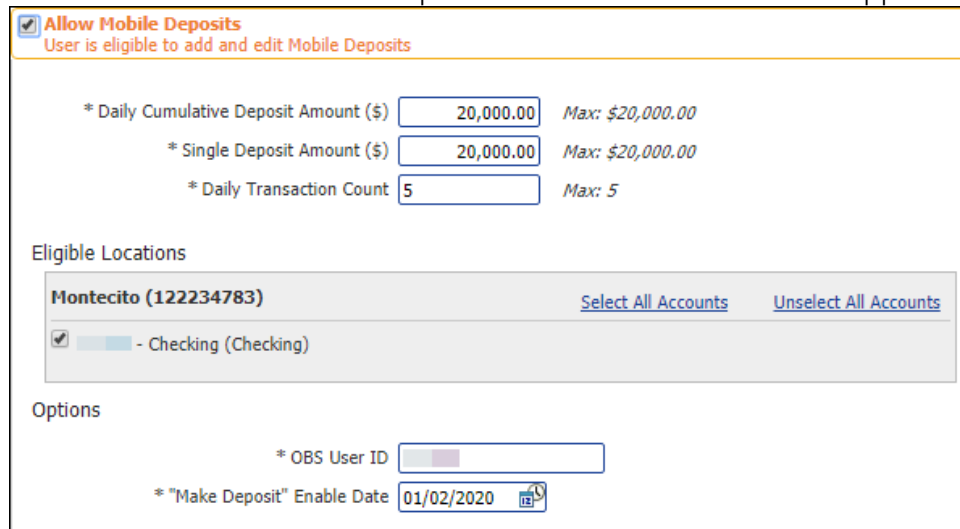

Allow the user to complete **Mobile Deposits** through the Commercial Center mobile app. The descriptions are displayed on screen for the options available.

The screenshot shows the 'Mobile Deposit Settings' page. On the left is a vertical list of services with checkboxes: ACH Payments, Wire Transfer, Account Transfer, Integrated Payables, Bill Pay, Payee Maintenance, Import Maintenance, Stop Payments, and Mobile Deposits. All are checked. On the right, there are three settings boxes, each with an unchecked checkbox and a description: 'Allow Mobile Deposits' (User is eligible to add and edit Mobile Deposits), 'Allow Mobile Deposit Administration' (User is eligible to entitle the Mobile Deposit service to other users in their company), and 'Allow Mobile Deposit activity audit' (User is eligible to view Mobile Deposit activity for users in their company). A 'Help' icon is in the top right.

### Allow Mobile Deposits

Allow the user to create and edit mobile deposits in the Commercial Center app.

The screenshot shows the 'Allow Mobile Deposits' configuration page. At the top, there is a checked checkbox and the text 'Allow Mobile Deposits' and 'User is eligible to add and edit Mobile Deposits'. Below are three fields: '\* Daily Cumulative Deposit Amount (\$)' with a value of 20,000.00 and a max of \$20,000.00; '\* Single Deposit Amount (\$)' with a value of 20,000.00 and a max of \$20,000.00; and '\* Daily Transaction Count' with a value of 5 and a max of 5. The 'Eligible Locations' section shows 'Montecito (122234783)' with 'Select All Accounts' and 'Unselect All Accounts' links. Below that, a checked checkbox is next to '- Checking (Checking)'. The 'Options' section has '\* OBS User ID' with an empty field and '\* "Make Deposit" Enable Date' with a value of 01/02/2020 and a calendar icon.

- **Daily Cumulative Deposit Account** – Set the maximum dollar amount the user can deposit per day.
- **Single Deposit Amount** – Set the maximum dollar amount the user can deposit per transaction.
- **Daily Transaction Count** – Set the maximum number of deposits a user can complete per day.
- **Eligible Locations** – The accounts must be enabled for the user to make deposits. All eligible accounts will display.
- **\*OBS User ID** – Input a User ID. This will display in reports to show who completed the mobile deposit. The value in this field should not be changed.
- **\*"Make Deposit" Enable Date** – Input the date the user can begin making mobile deposits.
